Sabbath Thought

Faith, as Paul saw it, was a living, flaming thing leading to surrender and obedience to the commandments of Christ.

The Beauty Of Jesus

Let the beauty of Jesus be seen in me,
All His wonderful passion and purity;
Oh, Thou Spirit divine, All my nature refine
Till the beauty of Jesus be seen in me.

ANNOUNCEMENTS

As the Deer

As the deer panteth for the water,
So my soul longeth after Thee.
You alone are my heart's desire, And I long to worship Thee.

Chorus:

You alone are my strength, my shield;
To You alone may my spirit yield.
You alone are my heart's desire, And I long to worship Thee.

You're my friend and You are my brother
Even though You are a King.
I love You more than any other, So much more than anything.

I want You more than gold or silver,
Only You can satisfy.
You alone are the real joy giver, And the apple of my eye.

Coffee and Caffeine, Part III

By Winston J. Craig

Recently, coffee drinkers have drawn some hope from the reports that coffee consumption may reduce the risk of a person getting type 2 diabetes. While caffeine impairs insulin sensitivity, the chlorogenic acids in coffee block glucose uptake from the gastrointestinal tract, giving them an anti-diabetic effect.

Regular users of caffeine who try to quit, may experience increased anxiety, headache, irritability, and fatigue during the first few days of abstinence. These caffeine withdrawal symptoms are temporarily relieved by caffeine consumption which contributes to the habitual use of the drug. Caffeine is considered an addictive drug, and its regular use can lead to dependency. Some have suggested that its use may lead to the use of a stronger drug.

With so many questions regarding the safety of caffeine, the use of tea, coffee and cola beverages cannot be encouraged. Small children and pregnant women especially should avoid caffeine-containing foods and beverages.

Winston J. Craig is Professor of Nutrition at Andrews University, Berrien Springs, MI.
